FLASHDANCE

Young Artists Program

The Young Artists Program at Flashdance Performing Arts has been designed for the dedicated and aspiring Performing Arts students. This program provides enormous opportunity for our students as we aim to create a wholistic and well-rounded performer, who is able to achieve greatness in many forms.

This program gives students the opportunity to represent Flashdance Performing Arts at competitions across Victoria, perform in all of our Mid Year and End of Year showcases and form incredible relationships with their talented peers and expert staff.

This program will provide children with the tools to be confident, persistent, dedicated and passionate. Each of these qualities allows our students to dream big and find success wherever their future finds them.
